PACKWISE FOUNDERS

The founders of the Packwise GmbH

Felix Weger, Product Development
Gesche Weger, Management/ CEO
René Bernhard, IT Development

Felix Weger has studied economics with a focus on capital markets in Regensburg and Barcelona. After two years at a management consultancy in supply chain management, Felix was responsible for a leading packaging manufacturer as managing director in Manchester and Dresden. In addition to the operational tasks, the strategic international orientation of the group of companies in the field of reconditioning of intermediate bulk Container (IBC) was an essential part of his activities.

Through his dealing with the topic of reuse also resulted in the Packwise idea.
